## Fluorescent Electronic Ballasts Section 1- Page

|  |      |
|--|------|
| Product Overview .....                             | 1-2  |
| Application Operation Information .....            | 1-4  |
| Typical Specifications.....                        | 1-7  |
| F17T8 .....  | 1-13 |
| F25T8 .....  | 1-15 |
| F32T8 (32, 30, 25 & 28 Watt Four Foot Lamps) ..... | 1-19 |
| F28T8 (32, 30, 25 & 28 Watt Four Foot Lamps) ..... | 1-29 |
| F40T8 .....  | 1-32 |
| F96T8 Slimline .....                               | 1-34 |
| F96T8HO High Output.....                           | 1-35 |
| T5 .....   | 1-36 |
| T5HO.....  | 1-38 |
| T12 .....  | 1-42 |
| T12 Slimline.....                                  | 1-44 |
| T12HO High Output .....                            | 1-46 |
| T2 .....   | 1-47 |

## Energy Management Systems Section 2- Page

### --DCL With DEMANDflex

|                                     |     |
|-------------------------------------|-----|
| Product Overview .....              | 2-2 |
| DEMANDflex T8 .....                 | 2-3 |
| DEMANDflex T5, T5HO & TT5 .....     | 2-6 |
| DEMANDflex T8 Wiring Diagrams ..... | 2-7 |
| DCL Controls .....                  | 2-8 |

## Controllable Lighting Section 2- Page

### --Fluorescent Energy Management/Dimming Ballasts and Controls

|  |      |
|--|------|
| Product Overview .....                     | 2-10 |
| -- BallaSTAR Light Level Switching .....   | 2-10 |
| -- SuperDim Analog Dimming .....           | 2-11 |
| -- DaliPRO Digital Dimming .....           | 2-12 |
| -- VariPRO Parallel-Lamp Dimming .....     | 2-13 |
| -- LevelPRO Parallel-Lamp Dimming .....    | 2-13 |
| Application Operation Information .....    | 2-14 |
| Controls for Analog Dimming Ballasts ..... | 2-15 |
| DaliPRO .....                              | 2-16 |
| DaliPRO Premium .....                      | 2-17 |
| SuperDim .....                             | 2-18 |
| BallaSTAR 0-10 Volt .....                  | 2-19 |
| BallaSTAR Light Level Switching .....      | 2-20 |
| Dimensions & Wiring Diagrams.....          | 2-22 |
| VariPRO .....                              | 2-23 |
| LevelPRO .....                             | 2-26 |

# Table of Contents

## Compact Fluorescent Ballasts Section 3- Page

|  |      |
|--|------|
| Product Overview .....                             | 3-2  |
| Understanding Compact Fluorescent Technology ..... | 3-3  |
| Configurations .....                               | 3-4  |
| Lamp Matrix .....                                  | 3-5  |
| Typical Specifications.....                        | 3-6  |
| Nomenclature .....                                 | 3-7  |
| 13-26 Watt Twin, Quad and Triple.....              | 3-9  |
| 32 to 70 Watt Triple and Multiple .....            | 3-10 |
| 2D .....   | 3-12 |
| T5 Circular .....                                  | 3-15 |
| Long Twin T5 .....                                 | 3-16 |

## High Intensity Discharge (HID) Ballasts Section 4- Page

|  |      |
|--|------|
| Product Overview .....                     | 4-2  |
| Oil Filled Capacitors .....                | 4-4  |
| Dry Capacitors .....                       | 4-5  |
| Bracket Reference Chart.....               | 4-6  |
| Application and Operation Information..... | 4-7  |
| Nomenclature .....                         | 4-10 |
| Typical Specifications.....                | 4-11 |
| Distributor Replacement Kits .....         | 4-12 |
| Core and Coil                              |      |
| Metal Halide .....                         | 4-16 |
| Pulse Start Metal Halide .....             | 4-20 |
| High Pressure Sodium.....                  | 4-27 |
| 50 Hz Core and Coil Ballasts .....         | 4-33 |
| F-Can Ballast.....                         | 4-37 |
| Ignitors.....                              | 4-38 |
| Reference Drawings.....                    | 4-40 |

## Electronic High Intensity Discharge (eHID) Ballasts Section 5- Page

|  |     |
|--|-----|
| Product Overview .....                     | 5-2 |
| Product Family Chart.....                  | 5-3 |
| Wiring Diagrams.....                       | 5-4 |
| Dimensions.....                            | 5-5 |
| Application and Operation Information..... | 5-8 |

## Lampholders Section 6- Page

|  |      |
|--|------|
| Application and Operation Information..... | 6-2  |
| T8 & T12.....                              | 6-5  |
| T5 .....                                   | 6-9  |
| HID.....                                   | 6-11 |
| Halogen.....                               | 6-15 |
| CFL.....                                   | 6-19 |

## Sign Ballasts Section 7- Page

|   |     |
|---|-----|
| Application and Operation Information.....      | 7-2 |
| Sign Ballast Footage Chart & Lead Lengths ..... | 7-3 |
| Electronic Sign Ballasts .....                  | 7-4 |
