FOR IMMEDIATE RELEASE

Universal Lighting Technologies Updates Comprehensive Catalog

NASHVILLE, Tenn. (April 01, 2002) – Universal Lighting Technologies, a leading manufacturer of electronic and magnetic ballasts, recently updated its Ballast Navigator, which includes all Universal Lighting Technologies product lines with catalog numbers, wiring diagrams and reference dimension drawings on one page.

The Ballast Navigator is available in print or on the Universal Lighting Technologies Web site (www.universalballast.com) in downloadable PDF formats.

The product lines included in the updated Ballast Navigator are electromagnetic, electronic, dimming, compact fluorescent, high-intensity discharge (HID) and sign.

"The new Ballast Navigator enables our customers to have easy access to all the information they need to order Universal Lighting Technologies ballasts quickly," said Bill Kirkland, vice president of sales and marketing. "We listened to the needs and suggestions of our customers and produced the catalog as a 'One Source Selection Guide.'"

For more information about lighting ballasts and controls, fax your request to (615) 316-5146 or visit the Web site at www.universalballast.com.

For nearly six decades, Universal Lighting Technologies, Inc., has been bringing power and precision to the world's most innovative lighting. Headquartered in Nashville, Tenn., with operations and distribution worldwide, the products of Universal Lighting Technologies are marketed under the Universal® and Triad® brand names. Universal Lighting Technologies is focused on designing, manufacturing and distributing the industry's finest lighting ballasts and controls. Universal Lighting Technologies —*The Power to Light. The Power to Lead.*
