**FOR IMMEDIATE RELEASE**

## **FACILITY MANAGER WINS DREAM VACATION TO ALASKA**

### ***And There's Still One More Chance to Win Your Own!***

**NASHVILLE, Tenn. (Sept. 17, 2009)** – Congratulations to Jeffry Altine, who is on his way to Alaska for the vacation of a lifetime courtesy of Universal Lighting Technologies. He's the second grand prize winner in the "Traverse-the-Universe" giveaway, and there's still one more dream vacation up for grabs before the contest wraps up this month!

Mr. Altine is a facilities manager for Convergent Media Systems in Alpharetta, Georgia. A certified electrician, he is in charge of daily maintenance as well as upgrade projects at the facility, which recently installed the AddressPRO® Digital Dimming System from Universal Lighting Technologies. He learned about the Traverse-the-Universe contest through a participating lighting distributor, then registered for the trip giveaway online at [www.unvlt.com/traverse](http://www.unvlt.com/traverse).

"It's perfect timing!" said Altine. "My wife and I are celebrating our tenth wedding anniversary next year, and we plan on using this to take a special trip. I want to thank everyone at Universal Lighting Technologies and Gorin Hopper McCoy for the opportunity to take such a special trip during the current economic time."

Altine was chosen at random to win a seven-day Alaskan cruise, the second of three vacation packages to be given away by Universal Lighting Technologies in the Traverse-the-Universe contest. The total prize includes a cruise, round-trip airfare, car rental, and \$500 for out-of-pocket expenses.

The third grand prize will be a week-long stay in Aruba, and there's still time to enter to win! Entries must be submitted online at [www.unvlt.com/traverse](http://www.unvlt.com/traverse) by September 28 to qualify. Each dream vacation is worth up to \$4,000 in the form of a travel voucher, plus \$500 in spending money in the form of an American Express cheque. There is no purchase necessary to enter the contest.

In addition to the grand prizes, lighting professionals can also win a \$100 Visa Gift Card through the online Energy Jolt Trivia Challenge. Simply answer the trivia question correctly, and contestants are entered into a monthly drawing for a chance to win the \$100 prize. Visit [www.unvlt.com/traverse](http://www.unvlt.com/traverse) to participate.

Sales staff at participating distributor locations can also earn gift cards and other prizes based on sales of Universal Lighting products. This is the latest in an award-winning series of high-profile promotional giveaways from Universal Lighting.
