FOR IMMEDIATE RELEASE

CONTRACTOR WINS DREAM VACATION!

A Free Trip to Aruba – Thanks to Universal Lighting Technologies

NASHVILLE, Tenn. (Nov. 3, 2009) – Three lucky lighting professionals have won the opportunity to embark on their dream vacations, thanks to Universal Lighting Technologies and the Traverse-the-Universe giveaway! The third and final winner is Bob Allyn, an estimator for F&F Electric, Inc., in Tucson, Arizona. He just won a free trip to Aruba!

Mr. Allyn is a loyal customer of Crescent Electric in Tucson. He registered for the Traverse-the-Universe contest online at www.unvlt.com. Universal Lighting Technologies designed this promotional giveaway to generate sales for its participating distribution partners throughout the U.S. Lighting professionals, contractors and other end users were invited to register online for their chance to win one of three dream vacations given away throughout the year.

As the final grand prize winner, Mr. Allyn and a guest will spend a full week on the sandy shores of Aruba. The package deal includes air travel, lodging, ground transportation, spending cash, and more—valued at a total of \$4,500.

"When I registered for the Universal Lighting Technologies promotion, I was wishing for a scuba trip and vacation to Aruba," said Allyn. "With the announcement that I am the Traverse-the-Universe winner, Aruba here we come!"

The first winner was announced in May: James Howey of Red River Electric in Moorhead, Minn., won a week-long trip to Hawaii. The second winner was announced in August: Jeffrey Altine, a facilities manager for Convergent Media Systems in Alpharetta, Ga., will take his wife on a seven-day Alaskan cruise for their 10th anniversary.

For more information on Universal Lighting Technologies, call 1-800-BALLAST or visit www.unvlt.com.
