FOR IMMEDIATE RELEASE

UNIVERSAL LIGHTING TECHNOLOGIES JOINS IN NASHVILLE TREE FOUNDATION'S ANNUAL RELEAFING DAY

NASHVILLE, Tenn. (Dec. 5, 2013) – Universal Lighting Technologies, a leading manufacturer of advanced lighting solutions, recently planted six trees for Nashville Tree Foundation's ReLeafing Day on Nov. 23 at Coleman Park. A proud member of the Nashville community, Universal Lighting strives to promote family-engaged programs that encourage volunteer service inside and outside the workplace.

"It is important for our organization to take measures to improve the quality of life around us," said Shannon Gorbatoff, Universal's Wellness & Events Coordinator. "ReLeafing Day is just one example of the many events we do throughout the year to take an active role in the community."

ReLeafing Day is the Nashville Tree Foundation's fall planting, held every year on the Saturday before Thanksgiving. The event brings together volunteers from across the county to plant trees in public spaces and private yards. This year, the Nashville Tree Foundation, the Cumberland River Compact, the Mayor's Office and other participants planted over 200 trees in yards, an orchard and along waterways. Their efforts will help clean the air and water while providing beauty and sustainability for the city of Nashville.

Universal Lighting also takes great pride in fostering a healthy workplace and promotes an active lifestyle for employees as well as the community at large. Universal Lighting's participation in ReLeafing Day aligns with the mission of Mayor Karl Dean's challenge for moving Nashville toward a greener future.

About Universal Lighting Technologies, Inc.

Universal Lighting Technologies, Inc., produces some of the world's most advanced linear fluorescent, compact fluorescent, HID, eHID, and LED solutions for commercial lighting applications, as well as the most cost-effective energy management systems in the lighting industry today. A global leader in research and development since 1947, Universal Lighting Technologies joined the Panasonic family of companies as a wholly owned subsidiary of Panasonic Corporation Eco Solutions Company in 2007. Today, the company manufactures and distributes products under the Universal[®], EVERLINE[®], Triad[®], Panasonic, Vossloh-Schwabe, DCL[®], DEMANDflex[™], and Signa[®] brand names.
