FOR IMMEDIATE RELEASE

Universal Taps Lighting Control Solutions to Rep Complete LED Product Line in Kansas and Missouri Region

NASHVILLE, Tenn. (Aug. 1, 2017) – Universal Lighting Technologies, Inc., a global leader in lighting and a member of the Panasonic Group, has partnered with distribution agency Lighting Control Solutions to represent the company’s complete line of innovative lighting products in Kansas and Missouri.

Based in Shawnee, Kansas, Lighting Control Solutions is recognized throughout the Midwest as a premier lighting manufacturers’ representative with an emphasis on customer service. The company offers a wide variety of solutions such as LED products, exit and emergency, lighting controls, UPS inverters and power conditioning.

“Universal’s partnership with Lighting Controls Solutions reflects our mutual desire to evolve ahead of the market as customer needs continuously change,” said Donna Taylor, vice president of sales, central region for Universal Lighting Technologies. “We’re thrilled for the opportunity to work closely with an agency that prides itself on world-class customer service and provides the highest-quality lighting solutions to meet virtually any need.”

Lighting Control Solutions will offer the full Universal line of LED solutions for commercial lighting applications, as well as replacement products for linear fluorescent, compact fluorescent, HID and eHID lighting systems.
